Winnebago County indicators tracked quarterly

	<p>BadgerCare Plus adult and child participation in Winnebago County, tracked quarterly.</p> <p>Snapshot: Since December 2009, state enrollment rate has steadily declined, whereas the enrollment trend in Winnebago County has stabilized.</p>
	<p>Food Stamp and Food Share program participation in Winnebago County compared to Wisconsin, tracked quarterly.</p> <p>Snapshot: After a noticeable spike in program expenditures between March and April of 2009, Winnebago County expenditures generally stabilized soon thereafter whereas the state figures continued an upward trend.</p>
	<p>Home sales in Winnebago County compared to Milwaukee and Dane counties, tracked quarterly.</p> <p>Snapshot: Since January 2008, the average home sales percentages were 0.20 percent, 0.18 percent and 0.25 percent for Winnebago, Milwaukee and Dane counties, respectively.</p>
	<p>Unemployment rate in Winnebago County as compared to Wisconsin, tracked quarterly.</p> <p>Snapshot: On average, Winnebago County rates were 0.8 points lower between January 2008 and September 2010. Additionally, the unemployment rates in Winnebago County were much below the state numbers in 2009 than 2008.</p>
	<p>W-2 programs provide a variety of resources to help Wisconsin residents find and maintain employment. Snapshot: W-2 participation in Winnebago County has increased steadily since September 2009. However, Winnebago County still remains below the state participation rate, and county enrollment appears to be decreasing since July 2010.</p>
